HOW TO ACCESS eLIBRARYNJ

How to Download eBooks to a Kindle

Start by signing in to your library account:

1. Go to elibraryNJ.com .
2. Tap on "Sign In" at the top of the page.
3. Select "Libraries of Middlesex Automation Consortium" as your library.
4. Enter your library card number and PIN. If you don't know your PIN, but do have your library card number, please stop in the library and we can assist you in finding your pin. If you don't have a library card number, visit the library and bring identification that proves you are a resident of Middlesex Borough we will set you up with a library card.
5. Tap the "Sign In" box or hit Enter.

To search for an ebook:

● For a quick search, use the box near the top right of the page. Type a title, author, subject, etc. in the box and then hit Enter or tap the magnifying glass. Then, using the options on the left side of the results page, you can filter the results to show only the books that are currently available to check out, only the books that are available for the Kindle (under the Device menu), etc.
● You can also tap "Advanced Search" under the quick search box to filter your search by availability, device, etc. before you get to the results page.
● To browse books by genre, tap on the headings near the top of the page under the search box.
● Ebooks have a picture of a book in the upper right corner; digital audio books have a picture of headphones in the upper right corner. A black book or headphones means you can check it out immediately. A gray book or headphones means you can place a hold on the book.

How to Download eBooks to an iPad, Tablet, Smartphone, or Other Mobile Device

To download library ebooks to these devices, you will need to install an app. Amazon Kindle and the Kindle App will use the instructions for Kindle below, almost all other platforms (Nook, Sony Kobo, etc.) are supported by OverDrive.

To dowload ebooks using the Kindle App:

1. Go to the store your device uses (App Store, Android Market, etc.) and download the Kindle App.
2. Open the app.
3. You will need an Amazon account. If you have one already, register your device by entering the email address and password associated with your Amazon account. If you don't have an Amazon account, go to Amazon.com to create one, then return to the Kindle app to register with your new Amazon account.
4. Follow the directions "How to Download eBooks to a Kindle"

To download ebooks using OverDrive:

1. Go to the store your device uses (App Store, Android Market, etc.) and download the OverDrive Media Console App.
2. Open the app.
3. You will need an Adobe account. If you have one already, sign in. If you don't have one, register at Adobe.com, then return to the OverDrive app and sign in.
4. Once you are signed in, tap on "Get Books +" in the top right corner of the screen.
5. Tap on "Add a Library". Search for our library. It is easiest to search by ZIP code (08846).
6. Select Middlesex Public Library.

7. Tap on the star next to InfolinkListenNJ, making it yellow, to make the app remember it as your library.

8. Then tap InfolinkListenNJ.

You will be taken to the eLibraryNJ website.

9. Follow the directions for "How to Download eBooks to a Nook, Sony eReader or Kobo

How to Download eBooks to a Nook or eReader

You need the free Adobe Digital Editions software and the free Adobe Flash Player software installed on your computer to borrow library ebooks.

The first time you use the device to borrow library ebooks, use your computer to go to adobe.com/products/digitaleditions.html and select "Download now" on the right side of the page to get the Adobe Digital Editions software.If you do not already have Adobe Flash Player on your computer, go to adobe.com/support/flashplayer/downloads.html and select "Get the latest version".

Once these are installed, create an account at adobe.com . You will use your account information to transfer ebooks from your computer to your device.

Once you have the Adobe software, you can start by signing in to your library account:

1. Go to elibraryNJ.com .

2. Click on "Sign In" at the top of the page.

3. Select "Libraries of Middlesex Automation Consortium" as your library.

4. Enter your library card number and PIN. If you don't know your PIN, but do have your library card number, please stop in the library and we can assist you in finding your pin. If you don't have a library card number, visit the library and bring identification that proves you are a resident of Middlesex Borough and we will set you up with a library card.

5. Click the "Sign In" box or hit Enter.

To search for an ebook:

● For a quick search, use the box near the top right of the page. Type a title, author, subject, etc. in the box and then hit Enter or click the magnifying glass. Then, using the options on the left side of the results page, you can filter the results to show only the books that are currently available to check out, only the books that are available for the Nook (under the Device menu), etc.

● You can also click "Advanced Search" under the quick search box to filter your search by availability, device, etc. before you get to the results page.

● To browse books by genre, click on the headings near the top of the page under the search box.

● Ebooks have a picture of a book in the upper right corner; digital audio books have a picture of headphones in the upper right corner. A black book or headphones means you can check it out immediately. A gray book or headphones means you can place a hold on the book.

To borrow an ebook:

1. Click on the book you would like to borrow.

2. Click "Borrow" and then "Go to Bookshelf". Select "Download" and check either "EPUB" or "PDF eBook". (The content is the same in both formats, but an EPUB's text adapts to fit the screen of whatever ereader it is displayed on and a PDF's text does not.)

3. Click "Confirm and Download". Adobe Digital Editions should open automatically, but if it doesn't you can open Adobe Digital Editions yourself. The ebook will then download immediately.

4. You can open the book you want to read by selecting it on the bookshelf screen in Adobe Digital Editions. This screen shows you all the books you have checked out and how many days you have left for each, as well as what books have expired. You can also return books here by selecting "Return Borrowed Item".

5. To transfer the ebook from your computer to your device, first connect your device to your computer using a USB cable.

6. Click on the ebook you want to transfer and drag it to the ebook device icon in the left pane of Adobe Digital Editions.

7. The "Copy Documents" dialog box will appear and the ebook will transfer to the device.
8. When the transfer is complete the "Copy Documents" dialog box will close. You can now disconnect the device from your computer and read the ebook on the device.

To place a hold on an ebook:
1. Click "Place a Hold".
2. Enter your email address.
3. Click "Place Hold".
4. You will get an email when the book is available.

How to Download eBooks to a Computer

You need the free Adobe Digital Editions software and the free Adobe Flash Player software installed on your computer to borrow library ebooks. 4. You will get an email when the book is available.

To transfer an ebook from your computer to your Nook, Sony eReader, or Kobo device:
1. Connect your device to your computer using a USB cable.
2. Click on the ebook you want to transfer and drag it to the ebook device icon in the left pane of Adobe Digital Editions.
3. The "Copy Documents" dialog box will appear and the ebook will transfer to the device.
4. When the transfer is complete the "Copy Documents" dialog box will close. You can now disconnect the device from your computer and read the ebook on the device.

To borrow an ebook:
1. Tap the book you would like to borrow.
2. Tap "Borrow" and then "Go to Bookshelf". Select "Download" and check "Kindle Book". Then select "Confirm and Download".
3. You will be taken to Amazon.com. Log in using your Amazon Kindle account.
4. Amazon will ask where to deliver the ebook. Choose your Kindle or the device on which you have the Kindle app.
5. Amazon will transfer the ebook to your device.
6. Please note that library ebooks require a WiFi connection to be delivered; they cannot be delivered if you are using a 3G connection. However, most Kindles will download the book the next time the device connects to WiFi. Also, some titles can be transferred to the Kindle only via USB connection. For these titles, download the book to your computer, connect your Kindle to the computer with a USB wire, and then save the book to your Kindle as if you were saving it to a flash drive.

To place a hold on an ebook:
1. Tap "Place a Hold".
2. Enter your email address.
3. Tap "Place Hold".
4. You will get an email when the book is available.
5. If Automatic Checkout is on, follow the checkout steps above. Otherwise, you must go to your holds and check out the book.
